SVUD does not provide adjustments for leaks, unexplained water usage or water line/appliance failures. SVUD has coordinated with ServLine's Protection Program for all adjustments due to any of these circumstances.

\$2.45 - Leak Loss Protection Program for Residential Single Occupancy

ServLine offers protection against a costly water bill caused by unexpected leaks. A qualifying leak or line break between the meter and the foundation of the house is covered up to \$2,500 per occurrence in the event of a costly water bill once every 12 months after the active cause of the leak has been repaired.

All eligible Savannah Valley Utility District residential customers are AUTOMATICALLY enrolled in ServLine's Water Leak Loss Protection Program. Sign below to DECLINE protection and accept full responsibility for all excess water charges caused by a water leak.

I decline Leak Loss Protection and agree to pay any excess water bills due to leaks or line breaks that would have previously been adjusted by ServLine's Leak Loss Protection Program.

Re-enrollment for Leak Loss Protection Program

I previously opted to remove the Leak Loss Protection from my account. I will have to wait 30 days before the Leak Loss Protection takes effect. Any leak that begins prior to the Leak Loss Protection taking effect will not be covered.
